

CAN YOU HELP US IN OUR WORK

Volunteers are a big part of our success. From our Board of Management to our Foster Families and everyone in between, we couldn't do all the things we do without them.

We also know not everyone can give their time and we equally value those who generously donate gifts and funds (all donations over \$2 are tax deductible). If you would like to help us too please contact the closest office, we'd love to hear from you.

Upper Murray Family Care

established 1979

Strengthening families to build vibrant communities

Caring for children and supporting local families during times of need are two driving motivations behind Upper Murray Family Care Incorporated.

From small beginnings we have grown into a child and family support agency, that has taken pride in its ability to respond to the needs of our local community

Like most families with careful nurturing and support we have experienced positive growth since our Establishment in 1979.

The communities that we strive to serve include: The North East of Victoria, and the Southern Riverina of New South Wales.

Under the banner of Upper Murray Family Care, we are now able to provide a range of comprehensive services and programs which are designed to strengthen, nurture and care for the children and families of our community.

Upper murray family care

Community Financial Services

Offers a variety of support including information, referral, advocacy, counselling and other resources for people dealing with financial concerns.

Hume Riverina Community Legal Service

Offers free legal advice, advocacy, information and referral through clinics and telephone.

Support Options

Assists carers of people who are aged and/or who have dementia or a disability through information and referral for respite and other support services.

Interchange

Supports families and children with a disability through regular respite with approved host carers, after school care, and holiday activities.

Out of Home Care

Provides approved and supported home based placements with carers who are independent of the child's family (Foster Care) or with family or friends of the child's family (Kinship Care).

Integrated Family Services

Provides a referral and assessment service through Child FIRST for vulnerable children and their families. Family Services can then offer intensive support to improve family functioning and children's development.

Children Services

Provides home based child care with approved educators as well as specialist consultation to all types of child care and preschools to allow special needs children to fully participate in services.

Family Relationship Centre

Offers mediation for separated families as well as information and referral to support family relationships at all stages.

Post Separation Services

Provides a safe contact space for separated parents and their children, as well as group work and mediation.
